

CORPORATE SOCIAL RESPONSIBILITY — SUPPLIER PRINCIPLES

Nexteer is committed to acting in accordance with all applicable laws and conducting our business in a socially and environmentally responsible manner with the highest degree of integrity. *Nexteer* recognizes that the actions of each individual reflect on *Nexteer*. Every employee is responsible for upholding the standards established, including reporting violations consistent with applicable laws. Our global compliance standards, including our Code of Conduct, help us achieve greater accountability to our stakeholders and continually improve our sustainability reporting practices.

Nexteer's honesty, integrity, and sound judgment are essential to our reputation and success. Our Code of Conduct sets forth standards that we must abide by as we conduct business. The Code of Conduct is designed to deter wrongdoing and to promote:

- Honest and ethical conduct in personal and business dealings;
- Full, fair, accurate, timely and understandable disclosure in *Nexteer's* public communications and filed documents;
- Compliance with all applicable laws, rules and regulations;
- Prompt reporting of any Code of Conduct violations; and
- Accountability for adhering to sound business standards and practices.

It is important that all employees are empowered to report potential violations of our standards so that we can investigate and, if necessary, take corrective measures. To aid in this effort, *Nexteer* implemented a global ethics reporting resource to report suspected misconduct or suspected violations of law.

These same principles extend to *Nexteer's* global supply base. *Nexteer's* global supply chain management expects the entire supply chain to specifically adhere to the principles described in this document.

For each non-compliance, the supplier must implement corrective action plans to remain compliant with *Nexteer CSR Supplier Principles*. In the event the supplier fails to respect these principles, *Nexteer* reserves the right to impose penalties up to the exclusion of the supplier from *Nexteer's* supply base.
